CONTINENTAL ALARM
OVER BRITISH MOVE

French Papers Say That Control at
Lhasa Means Supremacy
Over Buddhists.

LONDON, Dec. 2.—Two of the most widely read Russophiles organs of the French press, says the Paris correspondent of the "Times," comment on the British expedition to Tibet and assume that its real object is to pave the way for a British protectorate.

One paper says that by a protectorate over the high plateau of Tibet, King Edward VII will secure control of the religious influence of the Grand Lama over the 500,000,000 Buddhists.

The second Russophile journal says that Great Britain has had designs on Tibet for half a century. Lhasa, the inviolate and venerated sanctuary of Buddhism, exercises veritable supremacy from the Ganges to the Amur, and whoever becomes its master will soon find his authority recognized by the fanatic and warlike millions who inhabit the high plateau which were the home of the earliest conquering races of the earth.

Russia, it is added, has maintained commercial and friendly relations with Tibet, and the Russians are naturally uneasy in regard to the bold move of their rivals.

BUCHAREST, Dec. 2.—The Standard Oil Company has decided to develop the oil lands of Roumania. Its representatives here registered a company in the local court.

What She Saw In The
Looking-Glass.

A CHANGE FOR GOOD.

HE stood before her glass in the sitting-room. The girl she saw there had a well-rounded face and figure, expressive eyes, and her cheeks had the freshness of rose petals; her hair was wavy and beautiful. She looked well and strong. The reason for it is given in her own letter, as follows:

"I am glad to be able to testify as to the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), "43 Columbia, E. Detroit, Mich." After many years of suffering and pain I took your medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing-down pains which had been my lot for so long. Continued its use until I was a well woman, and shall never cease to be very grateful that it was brought to my notice. I have no pains, and feel much stronger generally."

The above is a fair portrait of Miss Mitchell, in the looking-glass, although it by no means does her justice as she is much handsomer than a mere sketch like this can portray. The fact is a woman can't look beautiful that is dragged down with pains at regular intervals, who suffers from headaches, backaches, or spine-aches, frequently. Such a woman soon acquires wrinkles, a low complexion, dark circles about the eyes, and a general feeling of weakness, which brings misery of mind and body. To keep one's good looks the body must be healthy—the feminine functions must be regular. Woman was not intended to suffer, and there is no reason why she should. A healthy body will usually be a healthy mind, and no means at hand will more quickly restore the womanly functions to a healthy state than Dr. Pierce's Favorite Prescription.

Dr. Pierce, during a long period of practice, found that this prescription made entirely of roots and herbs, without the use of alcohol, was positive in its action. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable, and it can be had at any store where medicines are handled.

TWO PERSONS KILLED
IN NAPHTHA EXPLOSION

Burning Oil Sets Houses Afire and
Shock Destroys Train and
Buildings.

GREENWOOD, Del., Dec. 2.—One man and an infant were killed and a score of persons injured yesterday afternoon by an explosion of naphtha on a car in the center of a freight train south-bound on the Pennsylvania Railroad.

Citizens fled from their homes and stores into the main street. Many believed that an earthquake had occurred, and the scenes in the streets were appalling. Many of the frightened men and women and children had been cut by broken glass and their faces were covered with blood.

Telephone wires were torn down, and communication with neighboring towns cut off. An engine was run back to Seaford, and in that town a special train was made up. Physicians, nurses and workmen were brought here as fast as the storm would allow.

As soon as the citizens here realized that it was not an earthquake, and that there was work to do to save lives and homes, the men and some of the women organized to fight fire and clear away the wreckage.

BRIDE BY PROXY HERE
TO MEET HER HUSBAND

NEW YORK, Dec. 2.—Mrs. Rafael Lopez, a Cuban of unusual beauty and some wealth, arrived in New York yesterday from her native land to greet her husband, the groom, was at that time in this country and she was in Cuba. Lopez met the young woman while on a visit to his father's home in Cuba, where she was Anna Rosa Fernandez y Wegener, an orphan.

TIM MCCARTHY, MACER,
IS DECLARED GUILTY

Another Walking Delegate Convicted of
Extortion—Was Associate
of "Sam" Parks.

NEW YORK, Dec. 2.—Timothy McCarthy, walking delegate for the House-Smiths and Bridgemen's Union, was convicted of extortion in the court of general sessions yesterday. The jury took nearly an hour to agree upon the verdict. Recorder Goff will pronounce sentences tomorrow, and it is probable that immediately afterward McCarthy will be taken to Sing Sing, where his former associate, "Sam" Parks, is imprisoned for a similar offense.

When court opened yesterday the arguments already had been made by the opposing counsel, and all that remained was for the recorder to charge the jury. Recorder Goff told the jurors that the charge against McCarthy was that he had feloniously extorted \$200 from the Lohel-Andrews Company by threatening to injure and annoy the corporation, and obstructing the corporation in its business.

Some features of the case must not be considered, said the recorder. Much had been said by the lawyers about the charge against McCarthy, but it had not been brought to trial for calling a strike or for being a walking delegate. The jury recognizes the right of a walking delegate to strike, and McCarthy was no prejudice against McCarthy on account of any unpopularity or odium that may have attached to walking delegates. He was not on trial as a walking delegate, but as a citizen.

FELINE BURGLAR ALARM
PREVENTS A ROBBERY

Cat Awoke Head of Family and Bur-
glary Was Prevented.

NEW YORK, Dec. 2.—The home of Charles H. Johnson, in State Street, Bloomsburg, N. J., was entered by burglars early this morning. Mr. Johnson was awakened by the family cat scratching at the door of his bedroom. He drove the animal away, returned to bed and fell asleep.

Pussy was persistent, however. She made strange noises, and Mr. Johnson, who had been told to inform her master, she kept scratching at the door, and again brought Mr. Johnson from his bed.

His efforts to drive the cat away failed. Pussy rubbed against Mr. Johnson's legs and ran to the head of the stairs leading to the first floor. This she repeated several times, and then Mr. Johnson decided to investigate.

He found a rian in the dining room inspecting the silverware, who jumped through an open window and escaped. The cat was wearing a new silver collar as a token of appreciation of her intelligence. The house was looted by burglars a few months ago.

PITTSBURGH CAR MEN
WON'T GET INCREASE

PITTSBURGH, Dec. 2.—All negotiations between the committee of division No. 85, of the Amalgamated Association of Street and Electric Railway Employees of America, and the Pittsburgh Railway Company were declared off after a brief conference yesterday. President Callery, of the Pittsburgh Railway Company, said positively that an advance in wages could not be granted at present, as business conditions will not warrant an increase; also that it was utterly impracticable to change the turn plan of operating cars.

CALLS CLEVELAND
A JUDAS ISCARIOT

RICHMOND, Va., Dec. 2.—Senator Keel, Democrat, presented a plan to the Senate yesterday for party primaries and showed the utmost need for a law that would give the people the broadest and most absolute control of the party machinery. Senator Ople, Democrat, of Staunton, favored the bill. The party had been divided by dissensions in Virginia, he declared. The Ohio Democratic party, said Senator Ople, "has also been dismembered and torn into factions by that political Judas Iscariot, Grover Cleveland."

SOUTHERN COLLEGE
FOR FREE SPEECH

DURHAM, N. C., Dec. 2.—The board of trustees of Trinity College, after a session lasting until 2:30 o'clock yesterday morning, declined to accept the resignation of Prof. J. S. Bassett. It had been tendered because of the criticism following a recent declaration by the professor that Booker T. Washington is the greatest man born in the South, with the exception of General Lee, in the last century. The trustees voted 15 to 7 not to accept the resignation of Prof. Bassett.

"RAIN OF BLOOD" SEEN
NEAR SALERNO, ITALY

ROME, Dec. 2.—The phenomenon known as the "Rain of Blood" was noticed near Salerno during the frightful weather of the past few days, the raindrops being so red as to leave a stain. It is said that after a severe and storm in Salerno the sand of the desert is carried by the wind across the sea and mixes with the rain as it falls. This form of the phenomenon is somewhat rare, although it reached as far as Rome three years ago. Not understanding the reason of it, the peasants of the neighborhood were much frightened.

FIRST TIME AN EAR
HAS BEEN GRAFTED

NEW YORK, Dec. 2.—Announcement of the successful accomplishment of grafting the ear of one man to the head of another was made by Dr. Andrew L. Nielsen, of 12 East Twenty-ninth Street, last night. The patient upon whom Dr. Nielsen grafted the ear is now being cared for in the physician's home. He is overjoyed in the physical possession of an ear which another man were little more than two weeks ago. The man who sold his ear for \$5,000 is now in a private sanitarium in Philadelphia, where the operation was made. He will be released in two days and will go immediately to his home, near Pittsburgh, where his wife and child are awaiting him.

FRANCE ATTEMPTING
TO AVOID NEW LOAN

Issue, M. Rouvier Says, Depends on
Whether Deputies Vote the
Needed Resources.

PARIS, Dec. 2.—In the course of the discussion of the budget in the chamber of deputies yesterday, M. Rouvier, minister of finance, replying to general criticism of the government, declared that the condition of the national credit was most satisfactory. The fall in rentes, he said, was chiefly due to general causes, which had also affected the other nations of Europe, but which, in the absence of certain local causes, would have had a less effect in France. M. Rouvier said that unscrupulous politicians had striven to increase the feeling of distrust with a view to discrediting the government. The deficit in the budget, he admitted, had also had an unfavorable effect on rentes, but this cause had now been removed. Whether a loan would be issued depended upon the policy of the chamber. At present the government had no intention of floating a loan, but if the chamber refused to supply the government with needed resources, thereby compelling the issue of a loan, the floating of a loan might be found necessary.

The Heart Does
the Third Thing

Dr. Agnew's Cure for the Heart will do two things. It will, first of all, relieve in 30 minutes, and cure every disease of the heart, and this in the most direct manner. Every man who takes it will find that it will enrich the blood. At this point, where its powers end, the heart steps in, and owing to its new strength, it will pump the blood of this rich, red blood to the nerves, and thus feeds them, which is the third thing necessary for the cure of the heart. It is a cure for nervousness, or stomach troubles.

MCTIGHE THROWS OUT
OF JOB IN PITTSBURGH

Loses the Police Superintendency Which
He Won by Breaking His
Political Pledge.

PITTSBURGH, Pa., Dec. 2.—John P. McTighe has been dismissed as superintendent of police of Pittsburgh "for conduct unbecoming an officer."

McTighe got his place as a reward for violating his written pledge as a member of the Legislature of 1901 to "go into the caucus which made possible the election of Quay to the Senate, and the passage of the infamous Pittsburgh 'ripper' bill."

Since then McTighe has been taken care of by the Bigelow element, but within a few days past he has fallen out with his political associates over his brother's candidacy for council against Peter Hermes, a friend of Mayor Hays.

Martin McTighe said today: "Why, I dug that man Hays out of a political graveyard. When Johnny was in the Legislature I went to Hays and told him to go down to Harrisburg and go around with Johnny, and if he did not make good for him I would give him new suit of clothes."

"Hays went and he got the credit of getting Johnny into the caucus that resulted in the election of Quay to the Senate, and then Johnny introduced him to Tom Bigelow, and that was where he got his start."
